THIEF DIES OF HIS WOUNDS

Ferry Coming

All phases of the ferry situation were gone into at the meeting of the Chamber of Commerce last evening, and there were new angles in it that were brought out that the general public has not heard of before. S. Emanuel of the San Francisco-Richmond Ferry company that now has an application for a permit before the railroad commission, was present and addressed the meeting.

It is expected that a permit will be granted in a short time, and as soon as this is done, Mr. S. Emanuel stated arrangement would be made to place a boat on the run.

It was the consensus of those present that as long as the body had endorsed this project it should not endorse another until the petition before the railroad commission was finally disposed of.

In this connection Mr. A. J. Handford, of the Western Motors Transportation company, stated that as soon as a ferry boat was placed on the run his company would inaugurate a line from the boat running to Sacramento.

Within a week he stated he expected to place busses on a run from here to Oakland, starting at about Fourth and Macdonald and making trips every twenty minutes.

Chamber of Commerce and Its Work for City of Richmond

A membership meeting of the Chamber of Commerce, which was largely attended, was held last evening and many matters of vital importance to the welfare of the city were discussed. It was the first meeting when the members had an opportunity of meeting the new secretary, W. J. Wallace.

By-Laws Changed
The by-laws of the organization were changed so that the monthly meetings of the members will be held weekly, at noon day luncheons on Wednesday, and the directors were given full power to act in cases of emergency.

To Entertain Middles
Secretary Wallace announced that on August 4th, 1500 midsalpers from Annapolis will be brought to this city and shown the points of interest.

Electroliners for the Avenue
The proper lighting of Macdonald avenue was brought up and thoroughly discussed, and the matter was finally referred back to the lighting committee for another week. Secretary Wallace submitted a plan whereby many of the unsightly poles on the avenue would be done away with, and the street car company, the telephone company and the electric light company would use the same poles. From these brackets would be extended, and lights suspended, which would be a very economical method of lighting, and would give practically the same effect as electroliners.

Industries Seeking Locations
Many outside industries are coming to Richmond looking over possible locations, and the representatives who have been here are highly pleased with the advantages that Richmond offers. Business men from outside

points, who are thinking of opening stores here are seeking information concerning the amount of the payroll of the city.

Advertising the City
Signs on many of the principal thoroughfares leading in and out of the city have been placed by the secretary, and they are doing good, as many outsiders are now finding that there is such a city as Richmond, whereas in the past they were in the habit of shooting along San Pablo avenue and lost sight of the fact that there was a town of 20,000 near by.

The Butts Home
A communication was read, wherein it was stated that if the city desired, the owners would sell the Butts home near San Pablo for a park for \$30,000. It contains fourteen acres of highly developed land, a fine residence of fourteen rooms and a bath-gallop of six rooms.

LEGION TO WELCOME HEAD OF THE ORDER

More than 15,000 American Legion members in San Francisco and the bay cities today are eagerly looking forward to the arrival tomorrow night of Franklin D'Olier, national commander of the American Legion.

O'lier was born in Burlington, N. J., April 28, 1877.

He entered the military service as a captain in the quartermaster corps in April, 1917, immediately after the declaration of war, and was sent to France in August, 1917. He served twenty months in France, and rose to the rank of lieutenant colonel. He was one of the original twenty men who initiated the American Legion in Paris, March 15, 1919, and took an active part in organization work of the legion with Theodore Roosevelt, Jr., after he returned from France. He was elected national commander of the legion at the national convention in Minneapolis, November 12, 1919, and although that office carries with it a fair salary, he has not only declined to accept a salary, but has paid his own expenses ever since he started in legion work.

O'lier was the recipient of the distinguished service medal from the United States for his work during the war and has been given the cross of the Legion of Honor from the French government.

Pythians Will Confer the Page Rank Big Class

At the regular convention of Richmond Lodge No. 13, Knights of Pythias, on Friday evening, thirty-nine of the recent big class demonstrated their knowledge of the Page Rank and qualified for further advancement. They will receive the Esquire rank August 13th.

One applicant by transfer and nineteen by initiation were elected to membership. The Page rank will be conferred next Friday night. The school for instruction of pages in the obligation and secret work will be continued at Pythian Castle next Tuesday, Wednesday and Friday evenings at seven o'clock.

One of the class, J. A. Deadrich, who has passed a very satisfactory examination in the work of page, starts today with his family on an auto tour through southern California. He will carry the news of the big drive to Los Angeles Lodge No. 2, the second largest lodge in the domain, which Richmond is striving to "beat." They are being requested to confer the rank of Esquire upon him.

MALONEY FUNERAL IS HELD THIS MORNING

The last sad rites over the remains of Joseph James Maloney were held this morning when the funeral services were held at St. Paul's church at San Pablo. Deceased was well-known in all of the bay cities, and many friends came from distant parts to pay their last respects.

Charles F. Reindollar

The campaign for state senator is becoming interesting. Charles F. Reindollar of San Rafael was in this city today, doing some work among friends, and getting acquainted with many others. He is more pleased with the reception he is being given and says that people in all parts of the county are voluntarily offering him their support.

From now till the primary Mr. Reindollar plans to devote every bit of his time to Contra Costa, and it is his intention to visit every town and settlement.

FALLS INTO THE BAY AND LOSES HIS LIFE

The remains of Harry Lozier, who lost his life yesterday afternoon while at work on a pile driver, are at the Wilson and Donnelly undertaking parlors. An inquest will be held by Coroner Charles F. Donnelly next Tuesday evening.

The big pile driver of the Healey Tibbets company is at work at the long wharf of the Standard Oil company, and while at work he lost his footing and fell into the water. He could not swim and sank from view. F. Hall, the foreman, plunged into the water, and after a hard struggle recovered Lozier, and helped place him in a boat and brought him to shore. He was unconscious, and work was immediately started to revive him, awaiting the arrival of a physician. Dr. C. L. Abbott was summoned and worked for an hour on Lozier, but without success; the spark of life had passed.

Deceased was a member of the Bridge and Structural Iron Workers Union of San Francisco.

LIONS CLUB WILL BE ORGANIZED TONIGHT

This evening at the offices of Pierce & Carlson a meeting will be held for the purpose of organizing a Lions club. This is one of the biggest business organizations in the country.

JUDGMENT FOR \$7500 IS SECURED IN COURT

In the superior court yesterday, attorneys T. H. Delap and W. S. Forbenson won a signal victory when the jury brought in a verdict of \$7500 in the damage suit brought by Mrs. Grace Meindersee against Contractor Fred Meyers for \$30,000. The verdict of the jury was said to be unanimous. The verdict was brought in late yesterday afternoon, after the arguments of the attorneys had consumed the entire day.

In the complaint it was alleged that Meyers left an open ditch unguarded at night, and as the defendant was returning home in June, 1919, she fell into this ditch and sustained injuries from which she will suffer for life.

The case was a hard fought one, and there was a great deal of medical testimony introduced on both sides.

Pierce and Carlson, who represent the defendant, it is understood will appeal the case.

New Steamship Company Will Locate this City

The recently organized Atlantic, Pacific and Gulf steamship company is to have its western terminus in Richmond. The corporation has purchased eighteen ships from the United States shipping board, and these will be placed on the run. The municipal wharf will be used, but until additional warehouse room is provided the vessels will dock temporarily at San Francisco.

BAREFOOT BINGTON IS CAUGHT IN OAKLAND

BULLETIN
OAKLAND, July 31.—Diaz died at the emergency hospital a short time after being taken there.

OAKLAND, July 31.—August Diaz, believed by the police to be the perpetrator of many badling burglaries on the east shore, was wounded by a half of bullet early today as he tried to escape from two policemen. He is thought to be the shoeless burglar for whom the police have been hunting for weeks.

The alarm that caused the search for him was given by Mrs. Annie M. Byrne of 835 Fifth avenue.

Diaz was arrested more than a mile from her home an hour after she had telephoned the alarm. He was identified in part by jelly with which he had splattered himself by overturning a pan while prowling in the kitchen of the Byrne home.

He had neither hat nor shoes. As he broke away from his captors, Sergeant Oscar F. Watson and Patrolman George Garcia, they followed him in a chase across lots, each emptying his revolver. Diaz fell with wounds through the arms and chest. He was taken to the Emergency Hospital, where, according to the police, he confessed that he had committed several burglaries.

Diaz was without shoes or hat when he was seen by Mrs. Byrne, whom he awakened early today by upsetting the pan of jelly.

He escaped from her, but she notified the police at once.

An hour later he was seen at Fifth and Franklin streets by Garcia. Diaz slipped into a doorway. Garcia turned.

Autoists Urged Save Gasoline

While the big oil companies continued to sell gasoline in San Francisco today at three prices, autoists were urged to conserve gasoline as much as possible and make no unnecessary trips.

CHICAGO IS IN THROES OF MURDER MYSTERY

CHICAGO, July 31.—Cam Loftis, famous diamond merchant and long a conspicuous figure in the city's night life, is dead today and the police are trying to unravel the mysterious chain of circumstances that led up to his death.

Roy M. Shayne, wealthy son of a former State street merchant, and his pretty fiancée, Ruth Woods, are held by the police until they can determine whether Loftis met his death from natural causes or was killed. Both were in the diamond merchant's luxurious apartment on the north side when he died.

Following an autopsy, Dr. James F. Simonds, coroner's physician, made the statement that Loftis' death was caused by a cerebral hemorrhage, produced by external violence. The injury probably was the result of Loftis' fall, the physician said. All of the parties had been drinking heavily.

AS THE EDITOR SEES IT.
"Too bad that old maid cannot get a husband," remarked a Smart Aleck of a very charming maiden lady the other day.
But the "old maid" is fortunate in at least one respect—she hasn't a Smart Aleck for a husband.
She is not an upstart's slave, and she doesn't have to stand the abuse of one who doesn't know how to respect his own mother's sex.
She may be an "old maid" in point of years, but she is honored and respected, and decent people do not turn from her in disgust when she makes a remark about other people.
An "old maid" without a husband? Possibly so.
But of infinitely more value to the world than a Smart Aleck.

"That fellow is a hustler!"
Well might we say that of many of our enterprising citizens. They deserve it all and more.
But in the background perhaps there is one to whom even more credit is due—the true and loyal wife who supplies the inspiration that urges men on to greater and better deeds.
A cheerful and loving home brings to the surface the best that is in any man.
Its pure and ennobling influence gingers him up and fills him with the pep of conquest.
It stimulates the red blood of manhood that makes it possible to avoid the pitfalls and surmount the obstacles of the business world.
"That fellow is a hustler"—yes—but with a wife who inspires the spark and fans the flames of hustledom.

"Mama's boy" is a term youngsters often apply to other boys who refuse to take part in rough and vulgar play. Yet he is mama's boy—meaning that he is being well tamed by a good mother who is ever mindful of the future welfare of her son.
It means that he is growing up a clean minded boy, with a high regard for the truth and the decencies of life.
It means that he is from day to day developing into the type of man that elevates humanity and makes nations great.

Mama's boy?
Surely!
Surely!
Give us millions of them.
The sporting pages of a paper have a lively interest to many good citizens, especially on Sunday mornings. They tell of the successes and of the failures of men who have achieved fame in the world of base ball, athletics and other sports. They are good reading for red blooded men.
But there is other reading for Sunday morning that is equally good—even better.
The most momentous words ever penned are to be found in the Bible, to be read at will—especially on Sunday mornings.

But if you are not in a mood to read the Bible, and want to know of deeds that live in the memory of man, you may still hear of the wonders that are told in this book, transcending in importance the heroic achievements of the diamond, the truck, and all other fields of sport combined.
Lay aside your sporting page for one hour on Sunday morning.
Go to church and hear the story of the man whose achievements are too great even for your favorite sporting page, the mere mention of whose name dims the lustre of all the heroes the world has ever known.
Be a real sport and go to church.

A writer of note declares that the country is rapidly becoming feminized—that the women are gradually taking over all of the work of men. Oh, joy! What a relief it would be if they would only complete the job in time for us to take one royal loaf before we cash in. But there is no such luck.

Take an hour off from business cares. Center your mind on the very best and most practical methods of improving and developing this town. Then tell us. Your views may well deserve publication. You may even solve the problem. Do it!

Some men are lavish in the extension of praise for work well done—but most of it is given to themselves.

THE U. S. IS NOT SO BAD

We must give the alien radicals in our midst credit for one thing. They are willing to make almost any sacrifice and even to take desperate personal risks to avoid sailing back to the countries that spawned them. They may not approve of our system of government, but they are fair to tolerate it for conscience sake. The missionary spirit is so active among them that the most horrible thought disturbing their meditations a possible expatriation from a country so unenlightened that it refuses to recognize Lenin; so ignorant that it rejects the bolshevik concept. We recently were given an example of heroic devotion to the interests of an ungrateful people at Ellis Island. A "notorious red"—so designated by the officials—had been ordered deported. He was sad, but not for long. He saw a way out, and he did not fail to seize the opportunity. He leaped from a window on the third floor of the detention house into open water, swimming ashore.

The country is in a bad way, to be sure, but should breathe a qualified sigh of relief. This notorious red is still among us, and his fellow reds will have the benefit of his advice, his counsel and peradventure his assistance in the fabrication of explosives with which to discipline official America from time to time when it can be done with safety to the bomb experts.

The reluctance of notorious reds to quit this accursed land is comparable only with the ardent wish of those already deported to return to the United States and resume their sinister propaganda.

Want to have people running after you and begging for permission to take your picture free of charge? Easiest thing in the world. Just get yourself nominated for the presidency.

Three more men have been killed in a liquor raid in West Virginia. We have searched in vain for that section of the Volstead law which makes its violation a capital offense.

Fearing assassination, the Sultan of Turkey constantly worries over the perils that surround him; but nobody else does. How would you like to be a Sultan?

A dispatch says it is unlikely that the United States would join in a military occupation of Germany. Why should we? We are the only country still at war with the former empire.

An editor fired a shot at an impudent negro runner and missed him. Everything seems to go wrong, even bullets, in apartment houses nowadays.

When we think of the number of votes Debs is likely to poll we are convinced that the third party ticket will come in a very poor third.

The Germans are thick headed enough, but they understand what the sentence means when an order is issued for mobilization.

La Follette evidently thinks a senatorship in the hand is worth two presidential nominations in the bush league.

Don't be too hard on the fellow who delivers free lectures on the street corner. It's probably the only place he can induce people to notice him.

**Bread Prices
Increase**

Owing to the continued high prices of materials and increased costs of production, it becomes imperative to advance the wholesale price of bread, which up to this time has been less by far, in the East Bay Section, than in other communities of similar size in the United States for bread of the same quality.

The wholesale bakers, both large and small, in the East Bay Cities, can no longer maintain the prices of the past and keep from bankruptcy.

This increase in the wholesale price of bread will necessitate an increase in retail price.

The fair retail price of bread in the East Bay Cities on and after August 2, 1920, will be 12c for the one-pound loaf and 17c for the one and one-half pound loaf.

Cancer Removed Without the Knife

For months I suffered from cancer on the side of my neck. I underwent operation and a big hole was left. It was immediately followed by a larger one. I visited different cancer specialists and took various treatments, but pain increased daily. I was so intensely that I lost 16 pounds in three weeks. I could neither eat nor sleep, but walked the floor night after night in my agony.

Finally, in desperation, I went to the FONG WAN HERB CO. for SPECIALISTS for herb treatment. The first cup of herb tea gave me such relief that I slept nearly all night. During the next two weeks my system was cleaned and strengthened, and I gained 6 pounds. At the end of the two weeks the cancer broke and came out by itself, thus making another operation unnecessary. Now that the cancer is entirely gone, it has left my face smooth, with scarcely a scar.

I worked in Moore's shipyard over two years and I reside at 1215 E. 17th St., Oakland, and should be glad to give any one interested further particulars regarding my case and this marvelous herb treatment.

I have treated with several physicians for a complicated disease and my cases were given up as hopeless. I was suffering from stomach, heart, liver, head and kidney trouble. When I called to see Dr. Wong Him I placed myself under his care and I consider my cure permanent. I can recommend Dr. Him as well as a skillful physician. WHY CHILLY WEATHER BRINGS RHEUMATISM

Says skin pores are closed and uric acid remains in blood.

Rheumatism is no respecter of age, sex, color or rank. If not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject

to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

RODEO TRUSTEES BUYING MORE LAND FOR SCHOOL

C. H. Pollock, member of the Rodeo board of school trustees, is making final arrangements for the purchase by the board of a playground for the school. The land to be purchased is adjacent to the present school ground and will be bought from the Rodeo Townsite Improvement Company. It has an area of 125 feet by 250 feet. In making the purchase, Pollock declared, the trustees are looking forward to the time when a larger school will be necessary.

Vaudeville Bill On the Program At the Richmond

There is lots of jazz in the vaudeville bill at the Richmond T. & D. Theatre Sunday. Comedy predominates the acts, with a pleasing variety of musical numbers interspersed.

Dancer and Green head the bill. This is a colored team, billed as the jazz babies, and will present a repertoire of comedy numbers that is irresistible, it is said.

O'Day and Talent have a comedy singing and talking act that will appeal to all lovers of high class entertainment.

Music will be added by the act of Agnes Clegg, one of the cleverest violinists on the vaudeville stage. Comedy and impersonations are the specialties of Periman and Paradini, a clever team of entertainers.

Ross and Ross have a comedy rube act that is different from any ever presented here before. Comedy singing and dancing are interwoven in a manner that will please the most critical.

The film feature on the bill will be "Broadway Arizona," with Olive Thomas as the star.

Today, Douglas MacLean and Doris May will be featured again in "Twenty-three and a Half Hours' Leave."

**COLDS AFFECT
THE KIDNEYS**

Many Richmond People Have Found This To Be True

Are you wretched in bad weather? Does every cold settle on your kidneys?

Does your back ache and become weak?

Are urinary passages irregular and distressing?

These symptoms are cause to suspect kidney weakness.

Weakened kidneys need quick help. Doan's Kidney Pills are especially prepared for weakened kidneys. Ask your neighbor!

Richmond people recommend them. Mrs. R. Doolittle, 1415 Nevins Ave., Richmond, says: "I have used Doan's Kidney Pills off and on for attacks of kidney complaint. They are the best remedy I have ever used and always help me. If I took cold it affected my kidneys, and backaches kept me miserable. I was feeling tired out and dull, and had no energy. My kidneys didn't act right at all. Doan's Kidney Pills have always rid me of these attacks and put my kidneys in good shape."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Doolittle had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.
